

St Mary's Church Wargrave

With Knowl Hill

St Mary's Church Centre

Construction work is well underway in building the new facility which will be another community asset for Wargrave.

It has taken over 20 years to get planning approved for this venture and now we are expecting completion by the end of 2018.

These pictures were taken at the beginning of October.

The Church Centre has one large room capable of being split by a dividing partition, a kitchen and three toilets. It will accommodate 92 people sat around tables or up to 112 theatre style.

People have given generously to make this building a reality, however because of the location and sensitive nature of the site, some unexpected costs have arisen, including an additional £33,000 on archaeology. In order to complete the project we need additional funds and as part of this we are asking people to donate money for specific items. We are targeting to raise £21,000 from this campaign.

How you can help with the specific items is shown overleaf.

Can you make a donation so that we can purchase these items?
